

Hello there!

My name is **Brett Welty**, and I'm the **Regional Employee Benefits Business Development Manager** for Granite Insurance Brokers!

I dropped by to introduce myself and the time-saving services that we offer.

Paper is consuming us - especially when it comes to employee benefit administration. How about ditching all of that paper, going mobile and delegating your open enrollment to experts, **at no cost to you?**

Highlights include:

	Seamless and online enrollments
	Real-time dashboard and live census reporting
	One-On-One employee open enrollment support
	Integrates with many payroll companies and HRIS systems
	Delivers any benefits compliance and labor law notices
	Automates your COBRA administration
	Mobilizes your employee benefits program
	Breeze through on-boarding and employee changes
	Reduces employee questions about benefits throughout the year

We spoil our clients because they deserve it – and they deserve a paperless, mobile and best-in-class 24/7 accessible, Employee Benefit Administration platform!

We'll give you a call next week to schedule a 20-minute program review to see if you qualify.

See you soon!

Brett Welty
